## Career Options

With an increase nationally in accounting positions, a degree in accounting is a wise career choice. Demand is especially high in the areas of tax, health care, non-profits, government, and temporary accounting staffing.

## Personal Attention

Our academic rigor in the area of business meets the standard of larger institutions; however, the personal attention you will receive from our business faculty is nothing like other institutions. From the first time you tour the campus to your last class before graduation, you will know our accounting faculty by name, and, more importantly, they will know yours. Mount Mary does not use teaching assistants (TAs). All classes are taught by well-trained educators with years of experience in the accounting profession.

## Certificate Program in Accounting

For students who already hold a bachelor's degree, Mount Mary College welcomes you to return to school for a certificate in accounting. The certificate program allows you to take courses specifically in the area of accounting which in turn allows for a convenient and efficient method to earn a certificate degree. The accounting certificate is great for individuals looking for a career change.

## Why Choose Mount Mary College for an Accounting Degree?

Mount Mary's accounting program provides in-depth skills and knowledge in the functional areas of accounting with an emphasis on leadership and ethics. Graduates will have a solid basis on which to enhance their professional careers.

### Student Involvement

Students at the junior level in accounting are encouraged to join the Wisconsin Institute of Certified Public Accountants (WICPA) and/or the American Institute of Certified Public Accountants (AICPA) as student members.
