

Business Administration Division

Business Administration Division Programs

With a business degree from Mount Mary College, students become prepared, responsible, skilled business professionals. In the context of a well-balanced liberal arts education, business administration students acquire specialized business and computer knowledge and gain valuable skills in problem solving, creative thinking, business ethics, leadership and effective communication.

Mount Mary College offers small class sizes and the individualized attention students need to develop self-awareness and a plan for their future. Mount Mary emphasizes a team-based, collaborative teaching and learning approach to develop the whole person.

Upon completion of any major in the Business Administration Division, students will:

- have an understanding of an open market economy;
- be able to utilize technology appropriately;
- be able to use quantitative and qualitative information in decision making;
- understand ethical dilemmas and value systems as related to business decisions;
- understand diversity issues in the business environment; and
- have a fundamental understanding of international business issues.

Excellent Placement Record

Mount Mary prides itself on an excellent placement record. Business Administration Division graduates are employed in many different sectors including education, government, non-profits and private business. A sampling of career options, includes:

- | | |

| • Controller | • Public accountant |
| • Corporate accountant | • Sales representative |
| • Corporate trainer | • Retail specialist |
| • Customer service representative | |

Personalized Attention

Our academic rigor in the area of business meets the standard of larger institutions; however, the personal attention students receive from our business administration faculty exceeds that from other institutions.

Mount Mary does not use teaching assistants (TAs). All classes are taught by well-trained educators with years of professional experience. Mount Mary students enjoy small class sizes and one-on-one interaction with top-notch professors.

- Master of Business Administration (accelerated)

Enrichment Opportunities

Business Administration students are encouraged to become involved with campus organizations, local non-profit companies and the volunteer opportunities that arise. Through volunteerism, students develop leadership, human relations and business-related skills.

Accounting students at the junior level are encouraged to join the Wisconsin Institute of Certified Public Accountants (WICPA) and/or the American Institute of Certified Public Accountants (AICPA) as student members.

Each spring the Business Administration Division hosts an alumnae and graduating senior reception.

Business administration students are strongly encouraged to participate in an internship during their junior or senior year.

The Mount Mary MBA

Mount Mary College strives for the development of ethical and just business leaders who put knowledge into transforming action. With that, the College offers a 36-credit Master of Business Administration (MBA) program combining advanced business skills with the College's historic commitment to social justice and an understanding of global dynamics. Classes meet once a week for eight weeks at Mount Mary's convenient Milwaukee campus. Terms begin in January, March, June, August and October and are not sequential, allowing flexible scheduling for students.
